

You are invited!

Impax Invest in Women Symposium 2026

The Invest in Women Symposium (IIWS) brings together a select group of industry leaders, investors, and experts committed to advancing equity and inclusion across the capital spectrum.

Through dynamic conversations, we explore topics that educate and inspire this community, with a consistent focus on amplifying the voices of influential and inspiring women. Now in its ninth year, IIWS continues to champion meaningful conversations and collaborations to drive change – together.

Please join us for what we know will be another inspiring day of thought-provoking sessions, networking opportunities, and a celebration of leadership and innovation. We are diligently working on creating an engaging agenda featuring inspirational speakers, which we will share with you in the coming weeks.

Let's keep the conversation going! Space is limited so we encourage you to register early.
